IMPACT LA

IMPACT LA

Specifications

TOTAL LENGTH: 107 cm

WEIGHT: 3.150kg

BARREL: high precision rifled, 52cm battue

LOCKING: 6 lugs directly into the barrel

WOOD: oil-finished walnut

Butt: raised comb without cheekpiece

Forend: deep

RECEIVER: Ergal alloy

FINISH: anti-glare

EJECTION: 2 piston ejection system

SIGHTING SYSTEM: Battue rib, adjustable fiber optic front sight
(interchangeable with **Optimum** INFAILLIBLE)

MAGAZINE: removable metal magazine for 3 or 5 cartridges)

SLING SWIVELS: detachable provided

CALIBERS: 7x64, 300 Win Mag, 30-06

OPTICS: threaded mounting holes in the receiver with steel insert

In order to respond to the growing market for linear bolt-action rifles, **Verney-Carron** has taken its **Impact NT rifle** and used it as a basis to develop a new "Linear in-line" rifle:

The "Impact LA"

Ejection and reloading are achieved by manipulating a **sliding element incorporated into the forend**, without having to let go of it.

This means **extremely fast follow-up shots** without having to move your hand from the pistol grip - your trigger finger is always ready for the next shot.

A truly exceptional weapon!

Options

- **Optimum** aiming optics and mounts
- **Optimum** INFAILLIBLE

SAGITTAIRE® XS20 BECASSIER

20 gauge magnum. **Steel shot proof tested.** 60 cm barrels. 7 mm ventilated rib. Pistol grip stock with **woodcock pin feather.** Supplied with case and **2 interchangeable chokes** 20 gauge.

Special features

The Sagittaire XS20 Bécassier is an excellent shotgun designed for hunting in dense cover, and particularly for woodcock. Light and well-balanced, it comes up to the shoulder easily. Fast and lively, it will be a serious asset to any close cover hunter - and not only for woodcock: partridges, rabbits and all small game are warned to keep a very low profile thanks to the deadly regularity and density of patterns produced by this shotgun.
