IMPACT® NT BATTUE
52cm barrel. Total length : 107cm.

The système Technique Anti Rebond (Technical System Anti Rebound) by Verney-Carron lock the bolt at the time of its closing. This makes it possible to have a much broader adjustment of gas and a systematic and frank closing without risk of rebound. The system operates with all types of cartridges and all bullet weights, whatever the shooter's height or aiming habits

Limited numbered edition.

YOU WILL LIKE

• A very practical forward folding magazine. This clever device makes loading and ejection easy and practical.

Advantage : shoulders limits the risk of the points of some shots being deformed by the inertial forward projection of the ammunition by the recoil effect.

• A removable 2 and 4 round magazine is also available.

SAFETY BONUS

The green spring loaded magazine base plate enables you to see at a glance that your gun is unloaded.

Finishes

VERNEY-CARRON® offers three versions : Luxe, Extra-Luxe and Prestige for the most demanding who want a personalised weapon. Les finitions Luxe et Extra-Luxe peuvent être réhaussées à l'or fin (Saint-Hubert® Luxe et Saint-Hubert® Extra-Luxe). The Luxe and Extra-Luxe versions can have fine gold inlay (Saint-Hubert® Luxe and Saint-Hubert® Extra-Luxe). The Prestige version can also be given a superb engraving of an animal motif in 24 carat gold. Every engraving on a Prestige or Prestige Or version is the work of an artist and entirely done by hand.
