Master the speed, optimize your instinct...

Shoulder the Vélocé, lastborn from the partnership of our R&D department and the NOVAM design laboratory from Saint-Etienne.

This new kind of manual repeating shotgun, developed in order to fulfill the wishes of the most demanding, will bring you into history. **It's up to you to work the lever...**

NEW

71 cm barrel, chrome molybdenum «Super Diamond» steel with 5 interchangeable chokes.

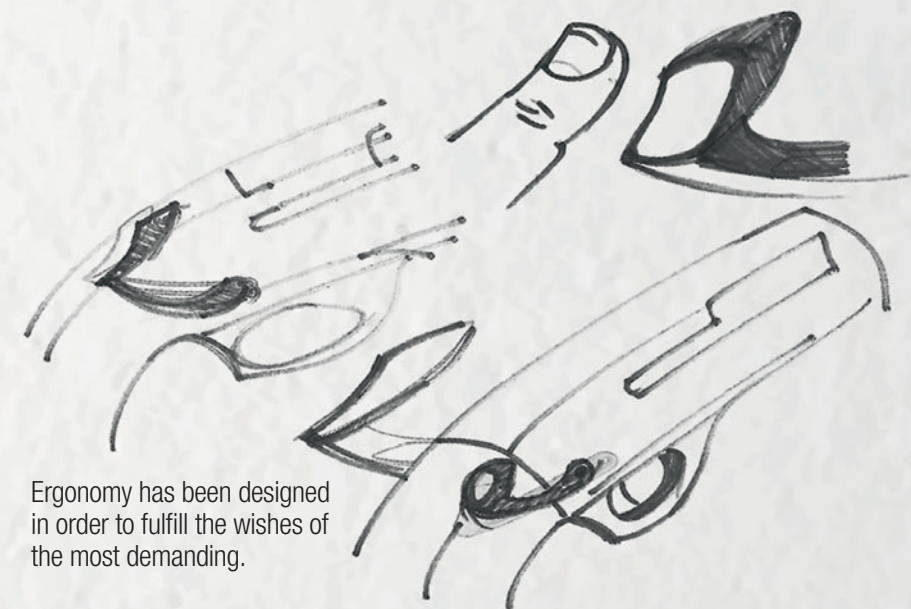

RECEIVER WITH RAIL ON THE TOP COMPATIBLE WITH MOST OF THE MOUNTS AVAILABLE ON THE MARKET

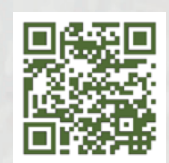

VELOCE
Ref. VL12CX71

STOP & GO

The patented « Stop&Go® » system allows an unequalled rate of fire on a manual repeating shotgun by locking the bolt to the rear after automatic ejection of the fired shells. The reloading is achieved by a light pressure on the lever.

Ergonomy has been designed in order to fulfill the wishes of the most demanding.

Specifications

- GAUGE: Magnum 12
- TOTAL LENGTH : 123 cm
- WEIGHT: 3,150 kg
- BARREL:
 - 71 cm, chrome molybdenum «Super Diamond» steel.
 - Interchangeable chokes
- RECEIVER
 - Rail on the top compatible with most of the mounts available on the market
 - In Ergal, high sturdiness, black anodized.
- WOOD: 3 stars oiled-finished walnut with ultra-ergonomic checkering
- EJECTION : automatic
- SIGHTING SYSTEM : 8mm ventilated rib and fiber optic front sight
- MAGAZINE TUBE : 5 + 1
- SLING SWIVELS : supplied and installed

Supplied with a case and 5 interchangeable chokes, from cylindrical to Full choke.

Options

- Magazine tube extender
- 5 cm barrel extender with interchangeable chokes

Verney-Carron welcomes you in a New Era...

The SPEEDLINE is neither a bolt action rifle, nor a semi-automatic rifle, nor a linear reloading rifle. **It is a revolutionary rifle!** It's up to you to work the lever!

Stability, ergonomics and comfort for an unequalled rate of fire

Stability : 45 % less recoil thanks to the **Fulgur®** muzzle brake

Ergonomics: optimized grip thanks to exclusive chevron checkering of the stock and the forend.

Comfort: thanks to the **Executive® Stock** (2 adjustable combs and 2 recoil pads. Combs can be adjusted (comb 1 - 0 to 6 mm / comb 2 - 20 to 26 mm), allowing optimal aiming with or without optics. The recoil pads (15 mm and 25 mm) enable the length of pull to be adjusted while effectively minimizing recoil.

System **STOP & GO**

The patented Stop&Go® system allows an unequalled rate of fire on a manual loading rifle, by locking the bolt to the rear after automatic ejection of the fired shells. The reloading is achieved by a light pressure on the lever.

FLUTED BARREL

FULGUR® MUZZLE BREAK

PISTOL GRIP CAPS « SAGITTAIRE » OR PISTOL GRIP CAP « GATOR » ACCORDING MODELS (MORE PISTOL GRIP CAPS, SEE P.26)

SIGHTS: WITH OR WITHOUT BATTUE RIB

Additional barrels Sagittaire

SOME SIMPLE RULES TO TAKE INTO ACCOUNT :

- There is no extra cost when an additional barrel is ordered at the same time as the weapon. If a barrel is ordered later, the gun has to be sent back to our workshop for adjustment and mandatory proof testing. Then an extra charge and 2 weeks in our workshop will have to be applied.
- When the gauge/caliber changes it is necessary to buy an additional forend.
- Barrels with extractor could be mounted on a gun with ejectors. The reverse is impossible.
- All smooth bore barrels are chrome plated and made from chrome molybdenum cold-hammered «Super Diamond» steel.
